

Buffalo FOIL

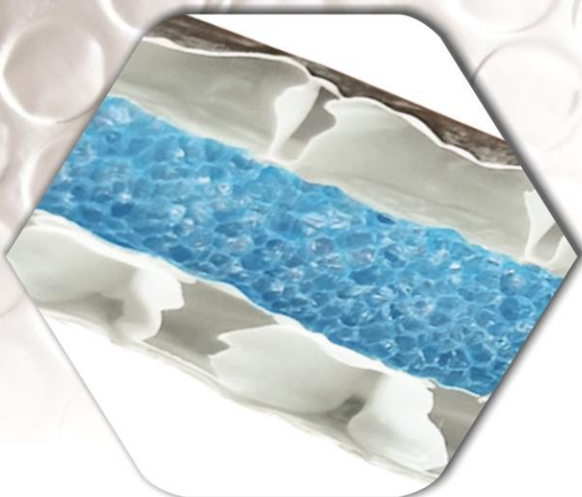

Aluminium Bubble Wrap / Double Sided

ONE FOR ALL

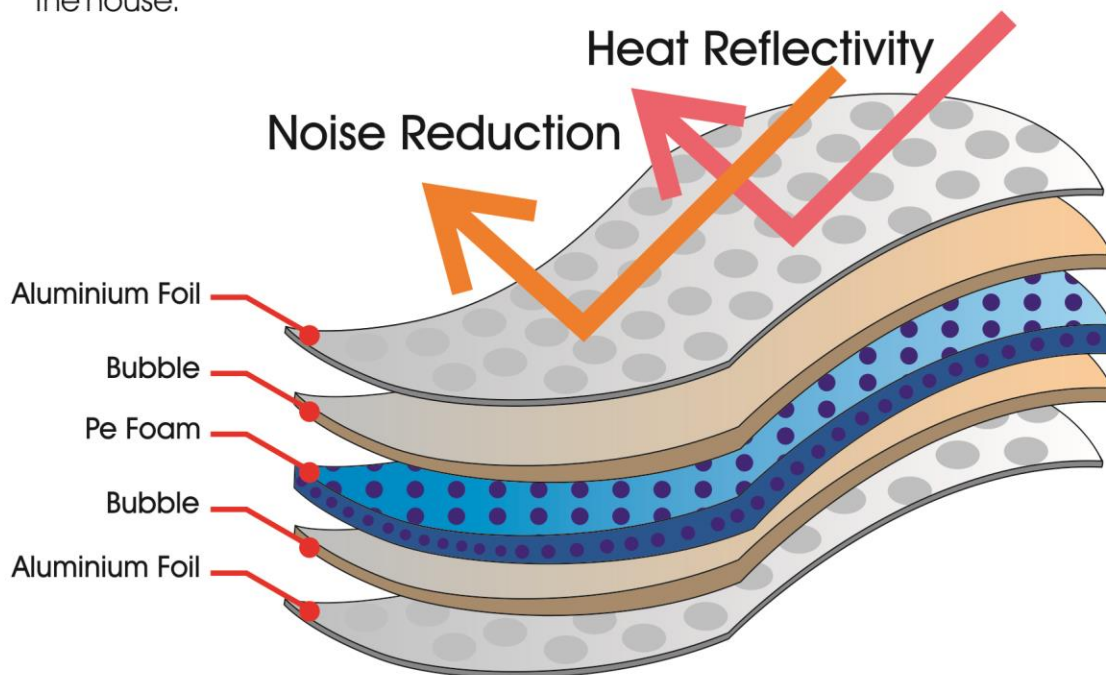

SAVE TIME , MANPOWER , AND COST

EPE FOAM

BUFFALO FOIL - EPE FOAM is made by double sides high reflective pure Aluminium bonded with 3mm polyethylene bubble sheet reinforced with a layer of 4mm Pe Foam. **BUFFALO FOIL - EPE FOAM** is used as insulation against radiant of heat and noise reduction, it can be transfer up to 97% of heat in the direction of its source and its reflectivity is maintained even after years of usage.

External heat cannot enter the house, which increases energy efficiency. Heat is not transmitted from the outside to the inside, therefore less energy is generated by the air-conditioning system to cool down the house. **BUFFALO FOIL - EPE FOAM** insulation is also lightweight and malleable, hence its position under the roof will not exert pressure on the structure of the house.

Excellent Reflectivity

Moist Barrier

Noise Reduction

Chicken Wire Mesh
(No Required)

Easy Installation
(Cost Effective)

Technology Data

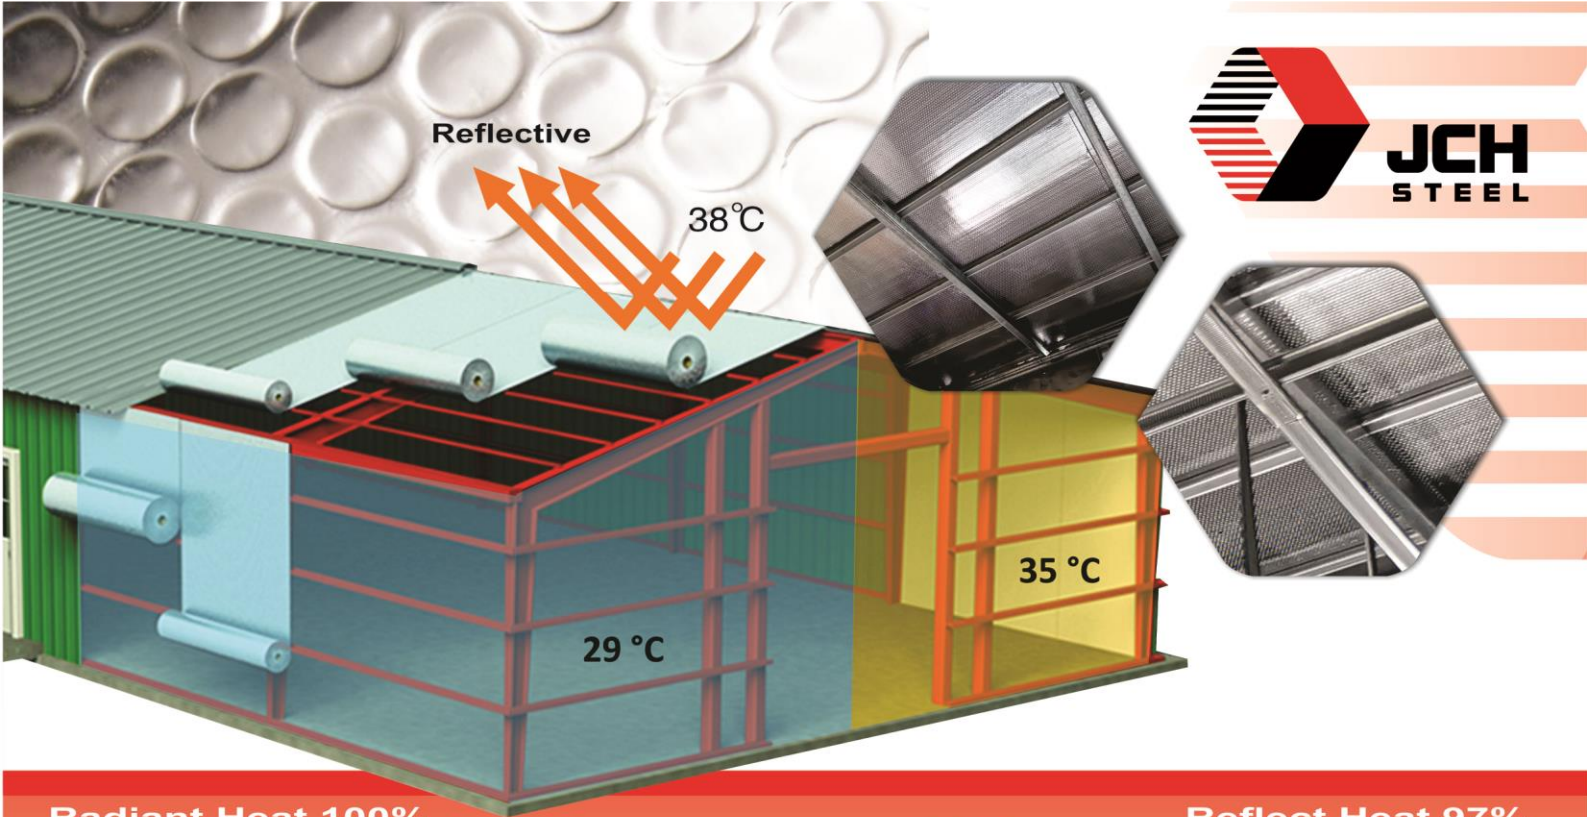

Typical Physical Properties

Thickness	Tensile Strength	Tear Strength	Length	Width	Sqms/Roll
10mm ±1.0mm	14.6IB/Inch	4.5IB/Inch	20m	1.2m	24m ²

Max R Value

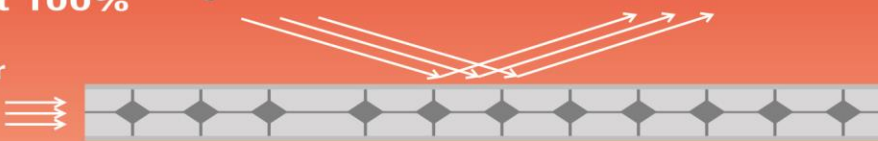

Heat Flow Down (Roof)	Heat Flow Horizontal (wall)	Heat Flow Up (Floor)
14.8m ² *k/w	7.8m ² *k/w	4.9m ² *k/w

Thermal Performance		Water Vapor Performance		Fire Performance	Application Conditions
Reflectivity	Emissivity	Water proof	100%	Fire proof	Temperature
97%	0.03			CLASS A	-50°C TO 80°C

Radiant Heat 100%

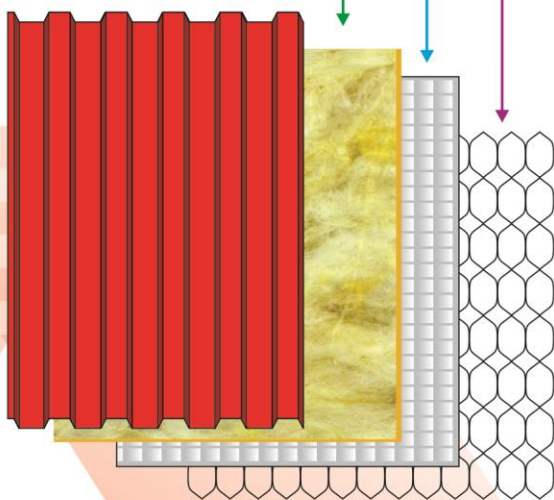

uncontinuous air
bubble cell
slow down heat
conductive and
convection

Reflect Heat 97%

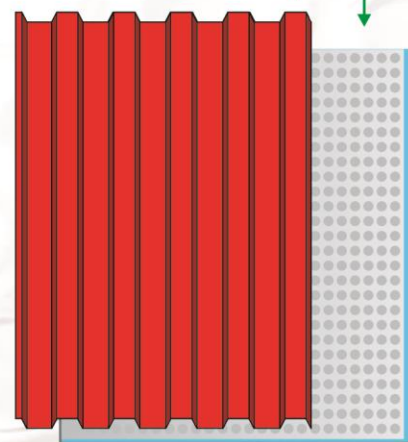

99.9% of purity
aluminum foil can
reflect up to 97%
of radiant heat

1. Roofing sheet
2. Rock Wool
3. Aluminium Film
4. Chicken Wire Mesh

Normal Insulation Solution

1. Roofing sheet
2. BUFFALO FOIL-EPE Foam

Buffalo FOIL
Aluminium Bubble Wrap / Double Sided
Insulation Solution

GOOD QUALITY

Stringent quality control is the hallmark of JCH STEEL INDUSTRIES (SIBU) SDN.BHD.

EFFICIENCY - FAST DELIVERY

We make sure to deliver our product to our customers efficiently with speed and satisfaction.

GOOD SERVICE

Provides professional services in customizing products to satisfy all customer requirements.
